Dear First Grade Students and Parents,

We would like to take this opportunity to welcome you to our classes. It is going to be an exciting year.

Let us begin by emphasizing the importance of your role. You are your child's first teacher. The experiences and relationships provided by you affect your child's academic achievements.

We believe that your child receives the best education possible when you work together with your child's teacher. The parents' involvement in a child's education is important. We need your support.
